PETITION TO MAKE APPLICATION
FOR PATENT UNDER 37 C.F.R. § 1.47(b)

Sir:

I, Adam L. Stroud, attorney of record of the above-identified patent application, hereby petition to make application for patent on behalf of sole inventor, Josi Rosenfeld, under 37 C.F.R. § 1.47(b), and hereby respectfully submit the following:

1. On February 22, 2005, Koninklijke Philips Electronics N.V. ("Philips") filed the National Stage Patent Application for the patent entitled **METHOD OF, AND APPARATUS FOR, OPERATING A RADIO SYSTEM** with the United States Patent and Trademark Office which was assigned Application Serial No. 10/525,331 and claiming the benefit of PCT Patent Application No. PCT/IB2003/003480 filed on August 6, 2003, by Josi Rosenfeld entitled *Method of, and Apparatus for, Operating a Radio System*.

2. Josi Rosenfeld is the sole inventor for the above-identified patent application and was employed by Philips until she resigned on June 27, 2003. Josi Rosenfeld has not executed the declaration for the above-identified patent application due to difficulty in locating Josi Rosenfeld.

3. Proof of proprietary interest for Philips is shown by the attached assignment by Josi Rosenfeld executed on September 9, 2003, assigning her rights in the above-identified patent

application to Philips and the Power of Attorney to Prosecute Applications before the USPTO executed by Michael E. Marion.

4. Immediately following her resignation from Philips, Josi Rosenfeld's last known address in London is as listed below. This address is the address for Josi Rosenfeld's parents and letters were sent to this address in late 2003 and January 2005.

6 Garrick Drive
Hendon
London NW4 1H

5. Shortly after resigning from Philips in June 2003, it is believed that Josi Rosenfeld moved from London to Israel. Her last known address is as follows:

Flat 6
14 Rehov Reuven
Bakaa, Jerusalem, Israel

6. Documents, including the declaration and the patent application for the above-identified patent application, were sent to the above address in Israel in December 2003. The documents were sent via registered mail and were eventually returned to sender.

7. Email communications with Josi Rosenfeld have also been attempted. On February 29, 2004, an email was sent to the email address of josi.rosenfeld@yahoo.co.uk and a reply from Josi Rosenfeld was received. This email communication is attached to this petition. On June 9, 2004, another email was sent to the email address of josi.rosenfeld@weizmann.ac.il but no reply was received. On October 25, 2005, another email was sent to the email address of josi.rosenfeld@yahoo.co.uk and Philips received a reply on October 26, 2005. The Philips email and Rosenfeld reply email are attached to this petition. The email sent on October 25, 2005 included assignments and declaration for numerous patent applications for which Josi Rosenfeld was listed as an inventor. Josi Rosenfeld executed many of the assignments and declarations but at the time did not execute the declaration for the above-identified patent application even though such declaration had been provided to her. The signed assignments and declarations were returned by Josi Rosenfeld to Philips around the time frame of November/December 2005.

8. Email communications with Josi Rosenfeld have recently been attempted on April 4, 2006, and May 17, 2006, specifically requesting her to sign the declaration for the above-identified patent application. Both of these emails have been sent to the email address of josi.rosenfeld@yahoo.co.uk but so far no reply from Josi Rosenfeld has been received.

9. Josi Rosenfeld has never refused to sign the declaration for the above-identified patent application. After repeated attempts to contact her to execute the declaration, Philips has not been able to locate her and receive an appropriate response.

10. Attached to this petition is a declaration for the above-identified patent application executed by Michael E. Marion, Vice President and General Manager, Philips Intellectual Property & Standards, in accordance with 37 C.F.R. § 1.47(b).

11. The above facts outlined in this Petition to Make Application provide the proof of the pertinent facts and show that such action is necessary to preserve the rights of both Philips and Josi Rosenfeld in the invention described in the above-identified patent application.

12. Please charge the Deposit Account No. 14-1270 for any and all necessary fees including the petition fee of \$200.00 as provided by 37 C.F.R. § 1.17(g).

Respectfully submitted,

Hi,
I'm sorry, I did get some mail from Philips. But my
aunt died last week and I haven't been of a mind to
attend to anything administrative. I will send it back
when this period is over.
sorry,
Josi
